Wednesday 9 June 1948

1. Chapman [redacted]

2. Baugh - [redacted]

3. Transmitted to Mr. Smart of the staff of the House Armed Services Committee a memorandum on the [redacted] situation which he discussed with the Chairman of the Committee. As a result, the Committee will have no dealings with [redacted] or interest themselves further in his project as it smacks too much of promotion.

4. Talked with Mr. Minot, of the office of Sen. Saltonstall, regarding the CIA bill. He informs me that Sen. Brewster has not withdrawn his objection, and that he will check further to see what the situation is and inform us.

Mr. Minot called to state that nothing further could be done in connection with the CIA bill at the present time.

5. Talked with Congressman Chapman regarding the application of Mrs. [redacted] and informed him that she had been rejected in May and had then withdrawn her papers. This made it impossible for us to review the situation further. Informed the Congressman that if it would be helpful to him we would be glad to review the papers if she resubmitted them.

6. Kilgore [redacted]
